164 responses

Has your use of technology for fun increased or decreased due to COVID?

164 responses

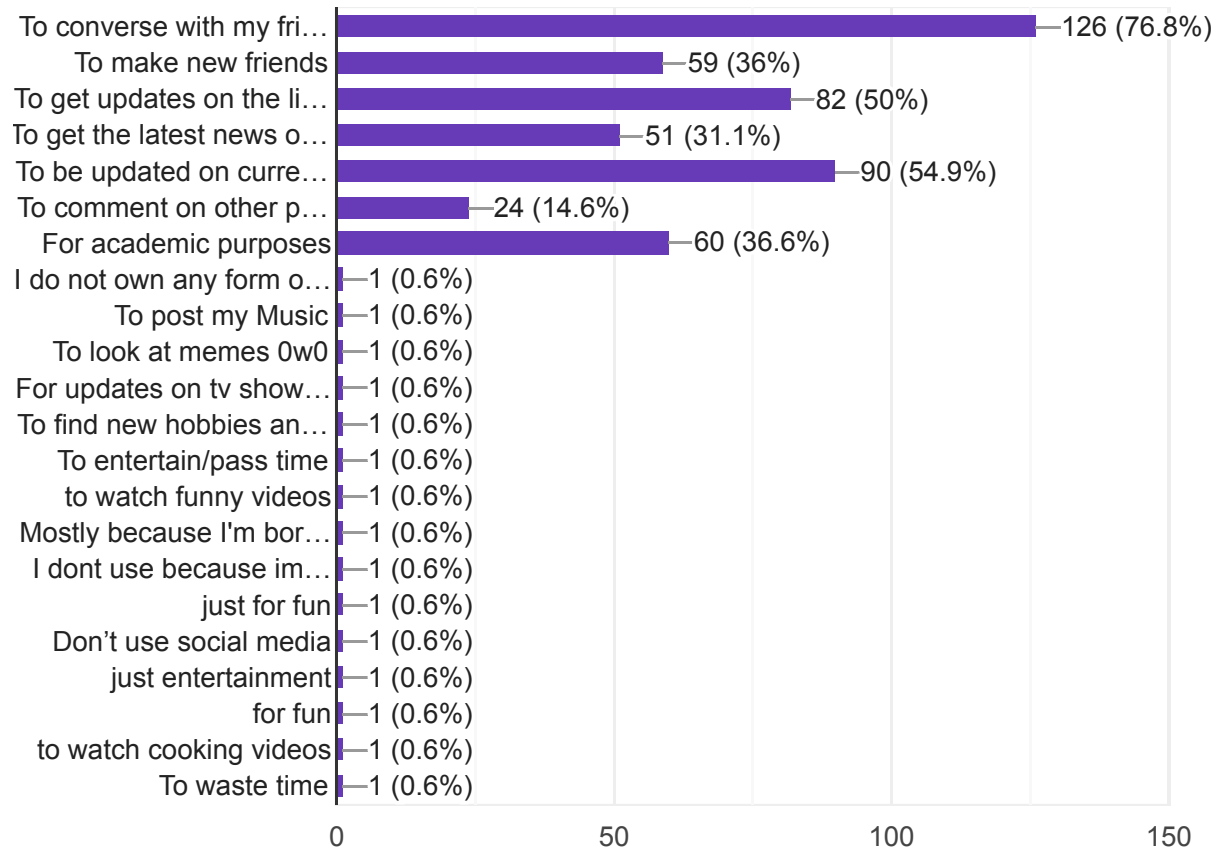

# How do you spend time on the internet for fun?

164 responses

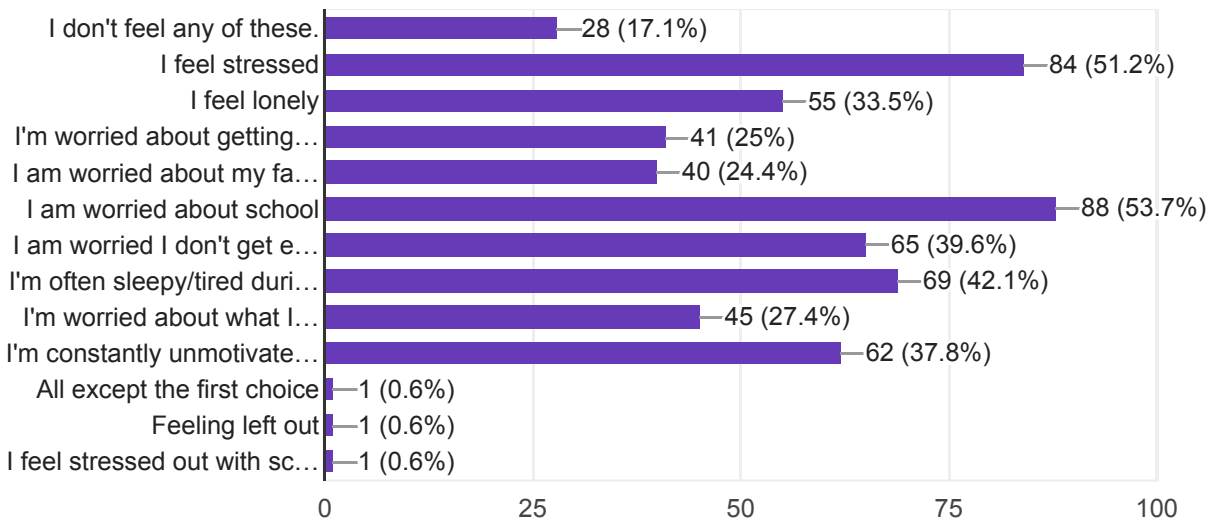

## Why do you use social media?

164 responses

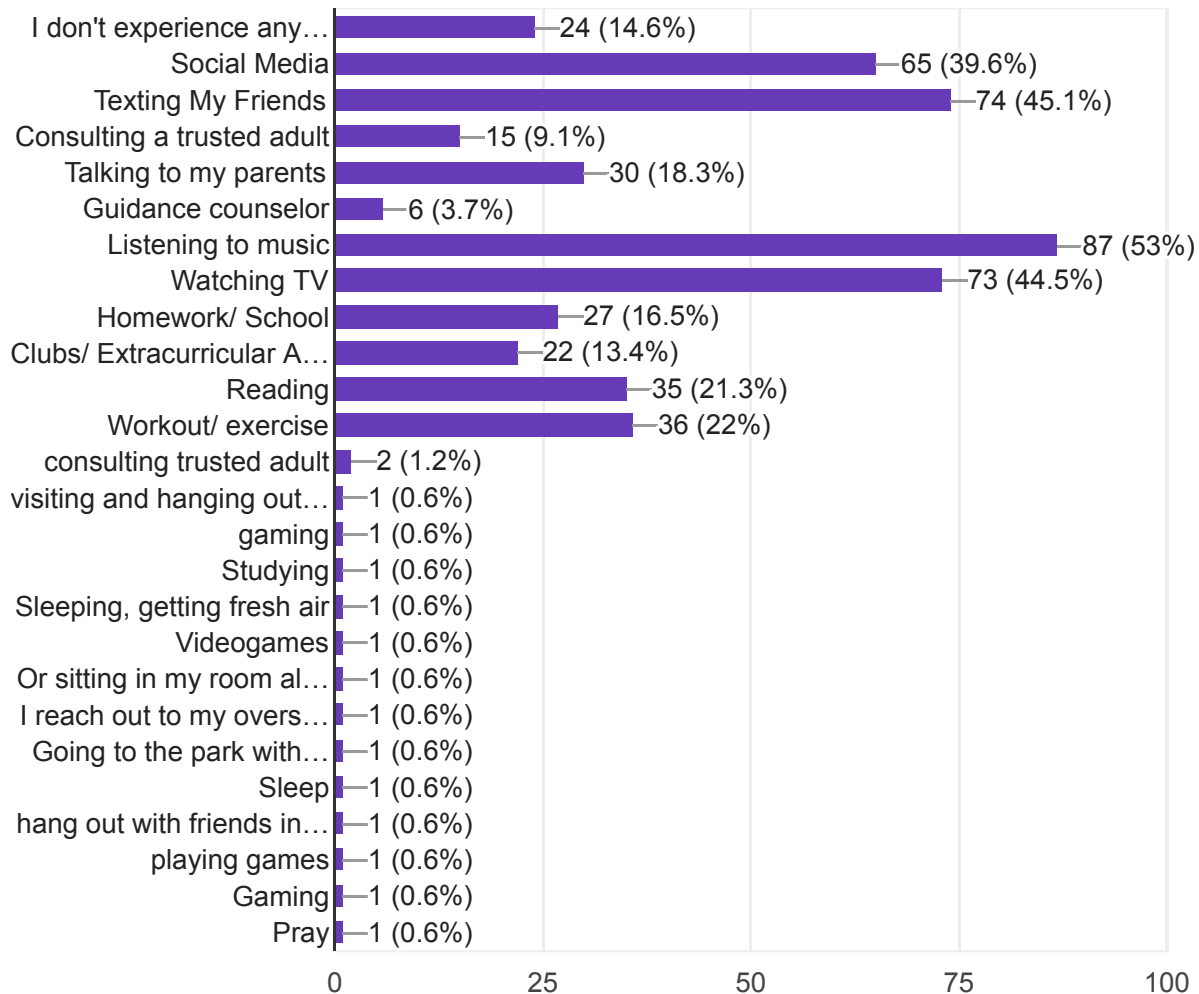

Do you ever feel any, or more of the following:

164 responses

## What do you turn to when you experience the issues stated in the previous question?

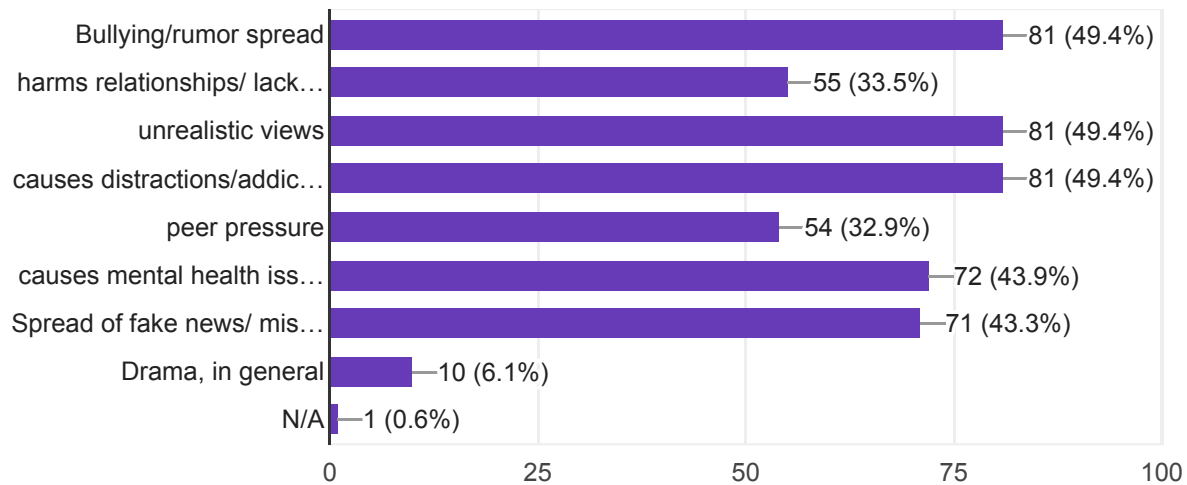

164 responses

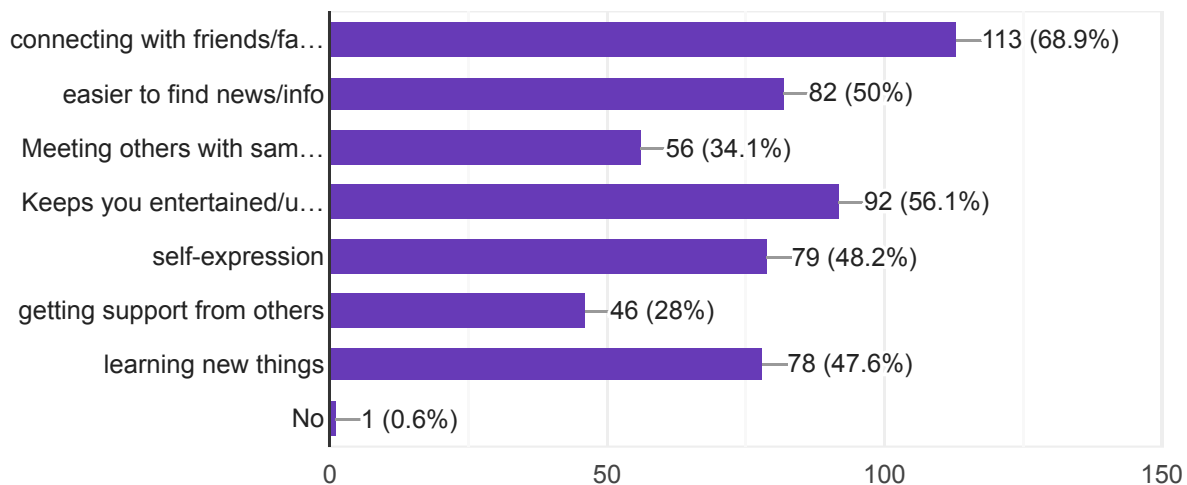

## Do you agree with any of the following negative effects of technology?

164 responses

## Do you agree with any of the following positive effects of technology?

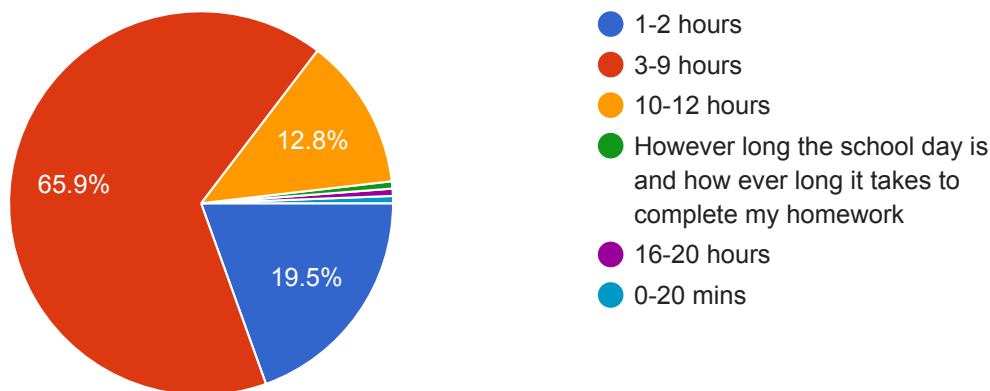

164 responses

Academic Purpose

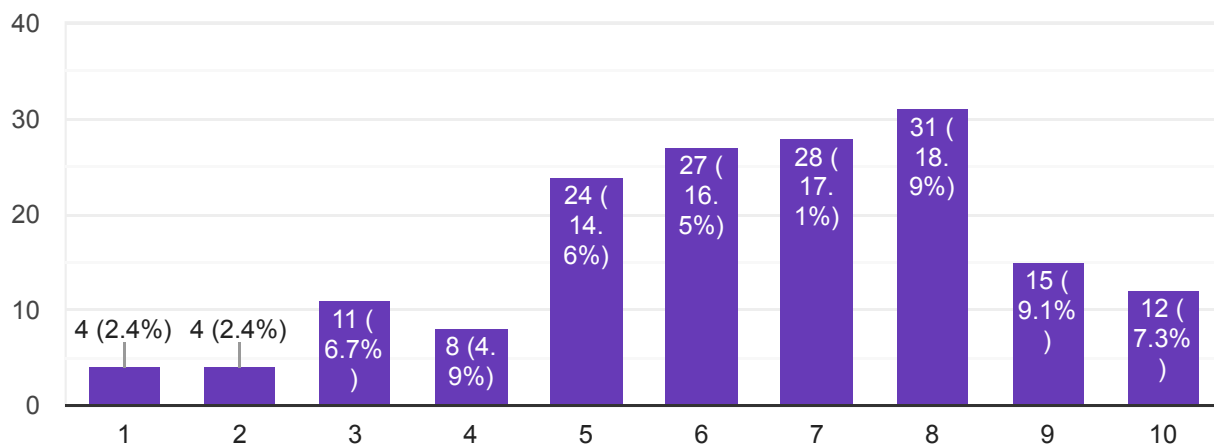

How long do you use technology for academic purposes every day?

164 responses

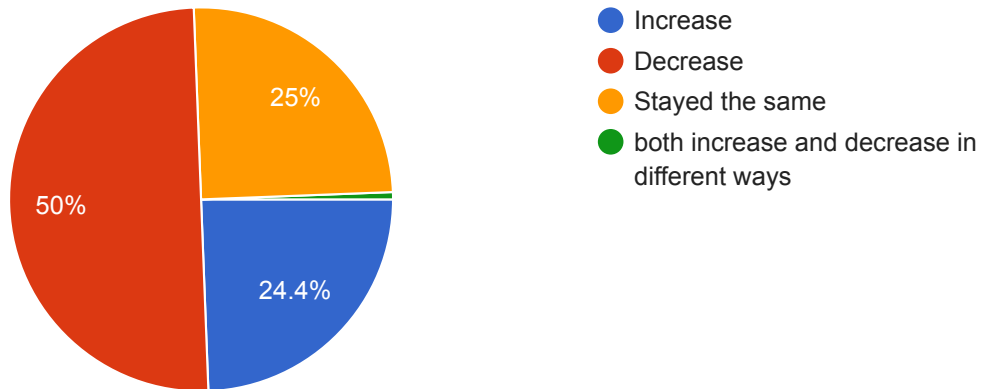

How productive would you rate yourself?

164 responses

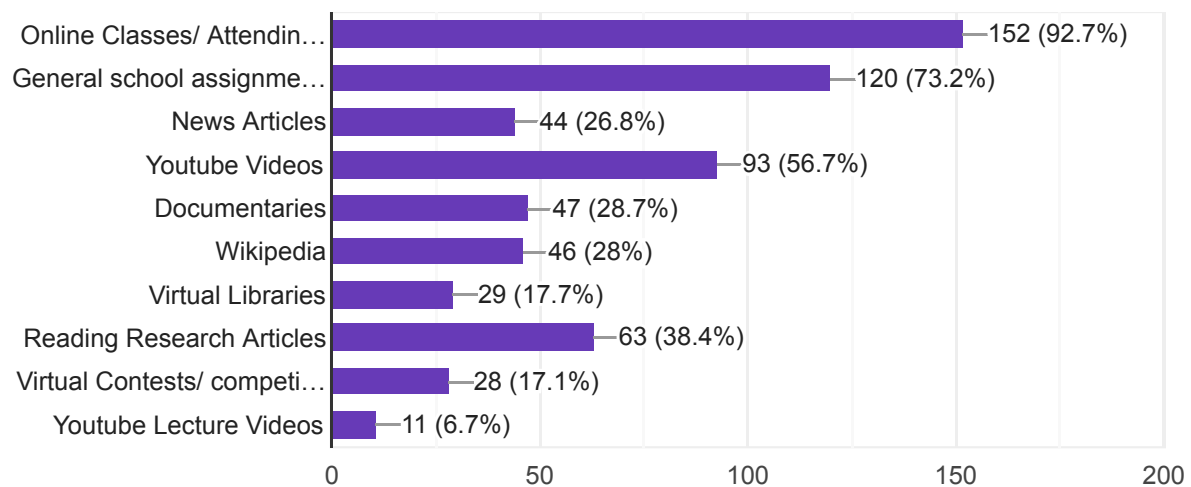

## Has your productivity increased or decreased due to COVID?

164 responses

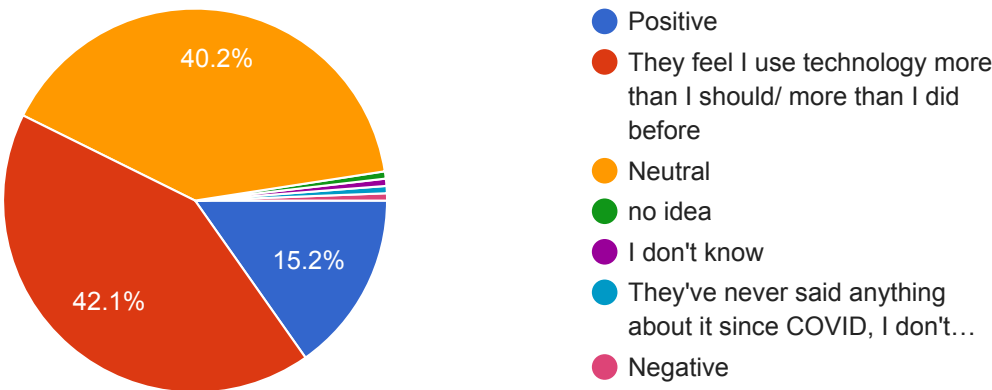

## How do you use the internet for academic purposes?

164 responses

How do your parents feel about the change in your use of technology for academic purposes from pre-Covid to present?

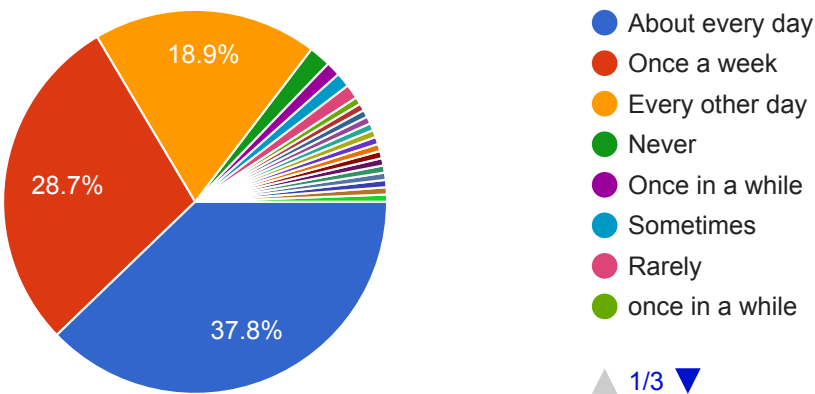

164 responses

News on the Internet

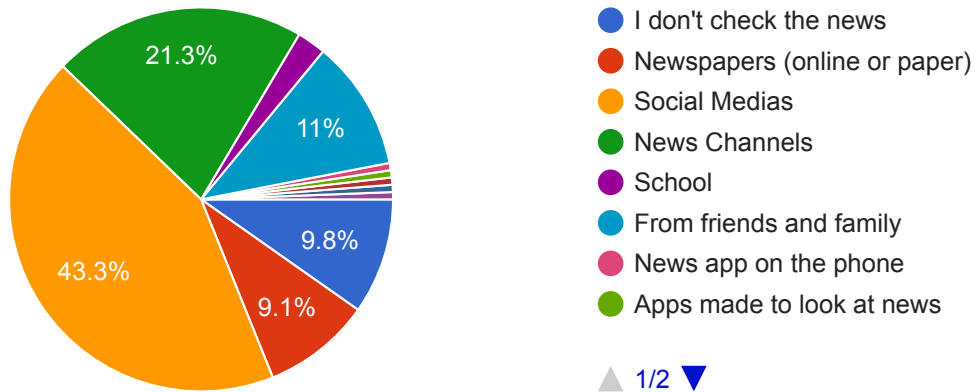

How often do you use technology to check the news?

164 responses

## Where do you get your news from?

164 responses

## What fake news/inaccurate resources have you been exposed to on the internet during the pandemic?

164 responses

N/A

People are saying that the vaccine is causing miscarriages with women who aren't even vaccinated.

Where covid19 started

no

This isn't necessarily propaganda or inaccurate resources, but on social media platforms like Instagram, it's so common for someone to hack into your personal account (Instagram does ask for personal information, so assumably, a hacker has access to that as well) and message people with a certain link so they too can be easily breeched.

Not sure

I saw a post on tiktok which said that Trump died even though he didn't.

What are a few online services or examples that you trust/use to obtain covid information from?

164 responses

CDC

Google

CNN

N/A

cdc

I use Twitter, because the accounts that post are usually news sources.

Idk

google

Johns hopkins university covid info  
L
